Casino sign - parts list: strips, LED counts and cutting list

10 strips, 27 pieces, 238 LEDs = 3.97 m of strip (60 LEDs per metre, pitch 16.7 mm).

Cut the strip only between two LEDs (at the cut marks). See layout-diagram.svg for the positions.

The letter pieces are joined in reading order (CASINO, then OPEN) with wire jumpers; together they are the one strip 'letters' on pin D8.
